Staying true to the MetroStars tradition, we place our primary focus on player development in a friendly, yet competitive soccer culture. All of our coaches have proven their ability to mold players into champions that can compete at the highest levels. The MetroStars have a strong and rich tradition of developing players and forming championship teams through the training and improving our own players.

*In consideration of the tough economic times we are not changing uniforms, so there will be no added costs to purchase a new uniform.
